

Brown/Fox Point Early Childhood Education Center Financial Aid Application

March 2010

Application Review Procedure and Confidentiality Policy

Brown/Fox Point is committed to providing financial aid to support working families. (Families with non-working or non-fulltime-student parents at home are generally not eligible for aid.) Using our financial aid guides and IRS national standards for consumer expenditures, the committee will determine the amount of aid to be offered in the form of a direct tuition reduction.

We use the information on these forms solely to determine your eligibility for financial aid and will keep it strictly confidential, with only the Executive Director and the Assistant Director (Chris Amirault and Donna Theriault) seeing this completed form. They will prepare an anonymous financial report for the Financial Aid Committee of the Board of Directors, including pages 3-4, and will remove all identifying information.

The Committee can consider only complete applications, so please answer all questions in full.

To be considered for financial aid, you must submit a completed form and copies of the following information:

- Completed 2009 tax return including W-2s, 1099s, and relevant schedules;
- Current pay stubs for each employed parent;
- If self-employed, most recent application for credit, loan and/or other funding for your self-employment;
- Documentation of all other forms of income (including student loans, family assistance, child support, etc.).

You are also strongly encouraged to provide a letter detailing additional information you wish the Financial Aid Committee to consider, particularly if your situation is characterized by unique or temporary financial situations, self-employment or business income, or other unusual details. Please omit all identifying elements from any such cover letter.

Parents' Certification

We declare that the information provided on this form is, to the best of our knowledge, true, complete and accurate. We agree to inform the Center if our income increases, or expenses decrease, by more than 10% at any time from the present through the duration of the period covered by any financial aid award.
